

GENESIS 01

BY ABRAHIM BUTT

ARTIST BIOGRAPHY

Before venturing towards hand-painted pieces, Abraham Butt established himself as one of Pakistan's foremost digital illustrators. He has been directly commissioned to design pieces by a variety of major corporates including National Foods, SadaPay, Hush Puppies and RASTAH.

Besides this, Abraham has been the go-to artist for Pakistani musicians when it comes to designing vibrant & powerful cover art for their songs and albums. Musicians that have commissioned cover art from Abraham include Shamoon Ismail, Hassan & Roshaan, Danyal Zafar, Haider Mustehsan and many more. In 2023 Abraham created a playlist in collaboration with Spotify featuring 10+ songs for which he had designed the cover art, with new songs being added to this day.

Despite being 100% self-taught, Abraham has managed to establish himself as a creative force and embed himself in the booming art culture of Pakistan. His first hand-painted collection is an ambitious step forward, bringing his unique and colourful approach to the canvas.

ARTIST STATEMENT

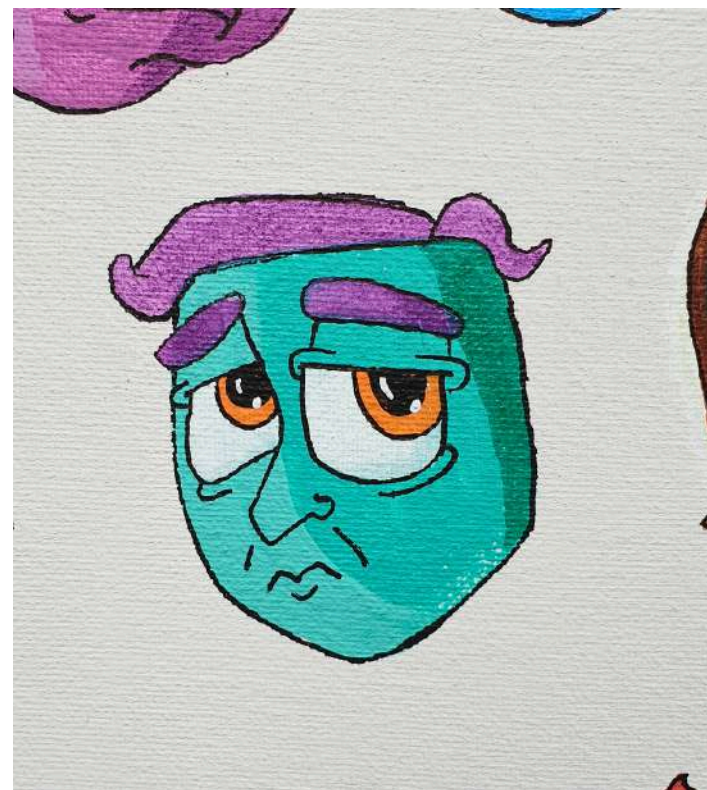

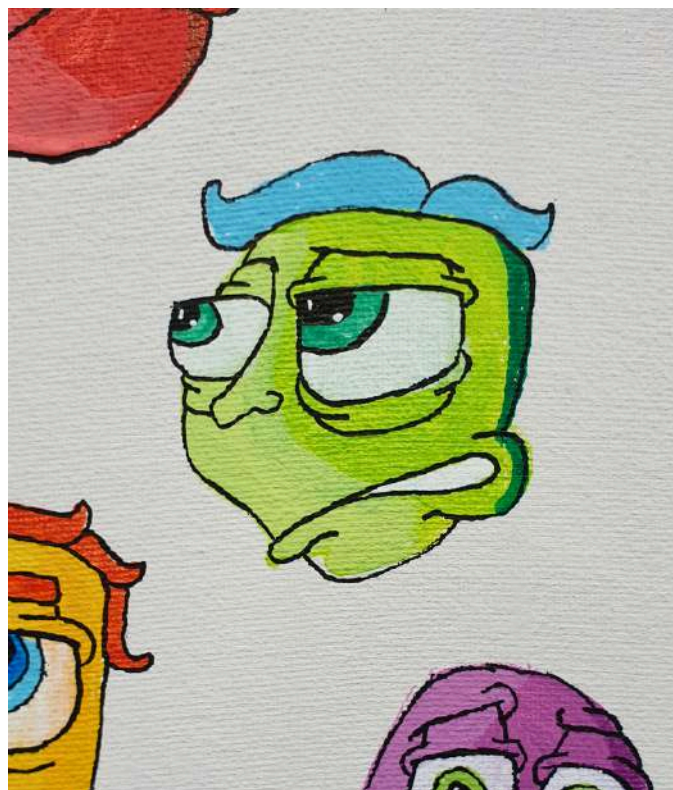

No 2 faces are the same. With the GENESIS 01 collection, Abraham emulates the biblical story of human creation and explores how varying configurations in facial features lead to an infinite number of different faces. So far, the first volume alone includes 698 unique faces. Each with a personality of its own that comes strangely to life with the final stroke of the brush.

GENESIS 01 is a manifestation of the force that creates life itself using only a paintbrush. If each face is able to tell a story without uttering a word, who is to say each face does not constitute a real person? GENESIS 01 asks you to explore where you draw that line. And to those who are willing to push that line further, it offers the chance to lovingly possess a private population of friends, followers, companions or perhaps children.

"Your name will be Abraham, for I have made you a father of many nations."
Genesis 17:5 (Bible - New International Version)
